

FLUIDMECCANICA

HYDRAULIC CRANES

Cranes are expressly designed and manufactured for marine applications, where design, safety and reliability standards are extremely demanding and severe hostile environmental conditions.

Cranes for RIB according SOLAS rules for life saving appliances.

We offer a wide range of products designed according to the main marine Classification Societies (ABS, BV, LR, RMRS, RINA, RRR)

FLUIDMECCANICA

HYDRAULIC CRANES

Main characteristics

Reachup to 20 m

Nominal torqueup to 120 kNm

Drive: hydraulic

Power of electric motorup to 55 kW

Type: foldable, non foldable, with fixed or telescopic boom
